Microprocessor and Controller Lab:

Objective:

To teach students about programming devices and its features for getting opportunity to learn embedded technology field.

Microprocessor Laboratory is equipped with the following equipments.

- ➢ 8086 Microprocessor Trainer (Micro 86/88 LCD)
- ➢ 8051 Microcontroller Trainer
- ➢ Stepper Motor Controller Study Module (VCET 06)
- ➢ LVDT Position Trainer (VLPCT 01)
- ➢ Microprocessor Based AC motor controller
- ➢ Microprocessor Based DC motor Controller
